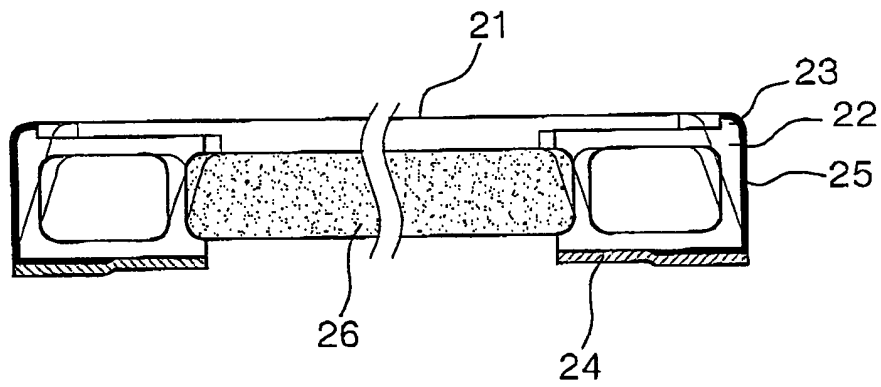

FIG. 5

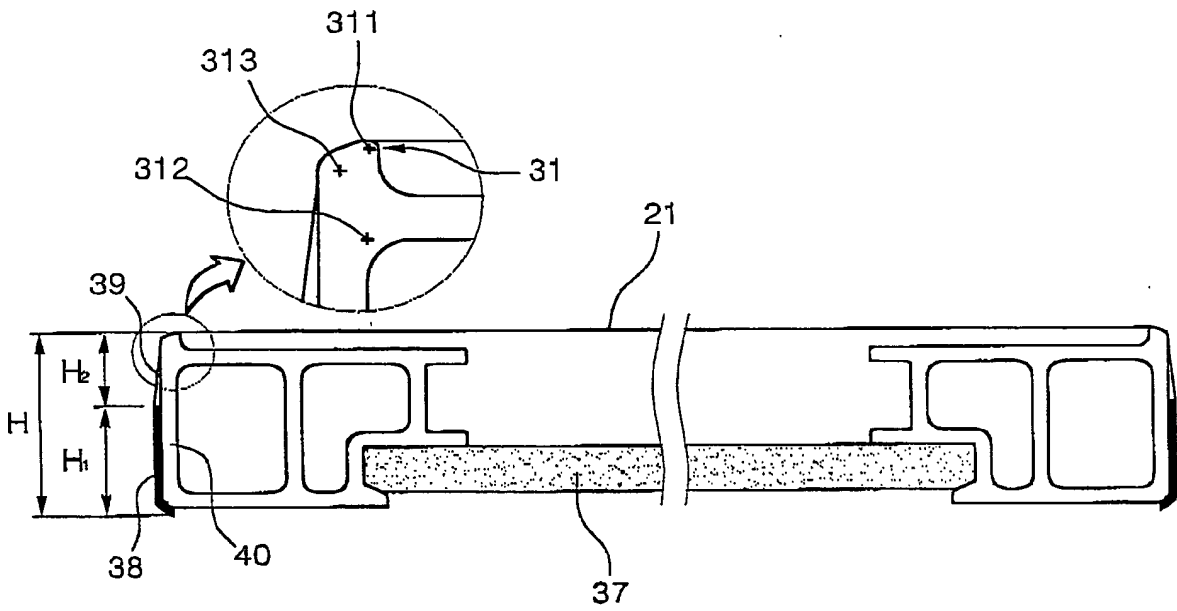

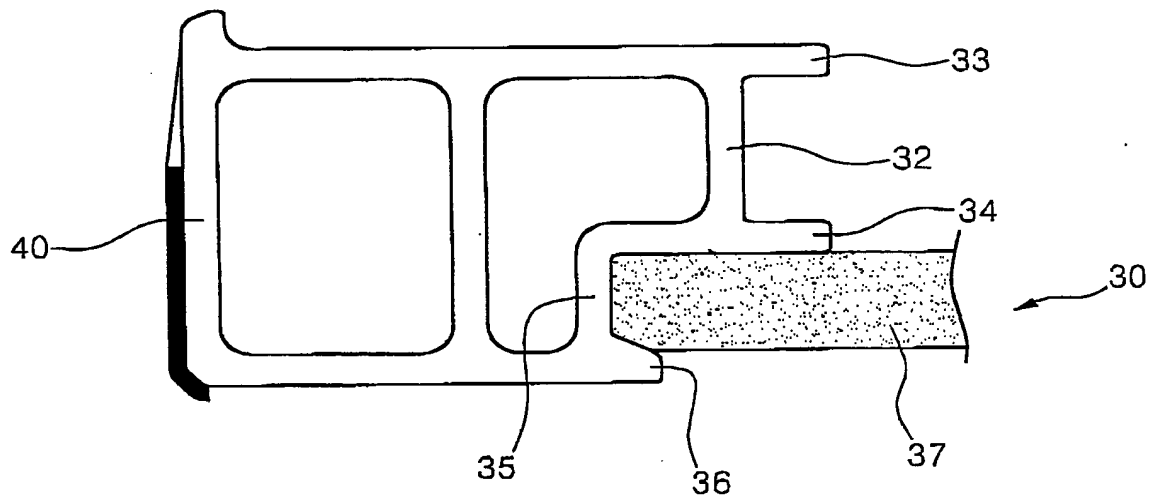

FIG. 6

A cross-sectional view of a device 30. The device has a main body 31 with a large internal cavity 40. A plug 37, indicated by a stippled pattern, is inserted into a horizontal opening 36 at the bottom of the cavity. The plug 37 is secured by a cap 34. A vertical channel 32 leads from the top of the device to the opening 36. A component 33 is located at the top of this channel. A sloped internal wall 35 is also visible within the cavity. The entire assembly is labeled 30 with an arrow pointing to it.
